

## News and Views . . .

### and what have you

by BOB CRAIG

There seems to be a trend all across the country to try and solve all the country's and world's problems by enacting laws to force someone else to look after all of our wants and shortcomings. It would seem that no one should have to show any restraint but that someone else should just remove all dangers and temptations.

Parents don't seem to be able to control their own kids these days—either because they are afraid that they might upset their emotions or they just don't want to take the trouble.

Up at Aspermont this past week someone broke into the City's swimming pool and turned on the valves that let out the chlorine gas. Wednesday morning as swimming class for children was being held the instructor noticed the smell of chlorine and some of the children getting sick. One child became unconscious and was carried to a doctor. This child and another was put under oxygen.

Just about every week you see where some youths who just seem to run loose without any parental supervision cause some kind of damage or other.

The following editorial appeared in the Dallas Morning News this past week and there would seem to be an answer in it for a lot of our problems.

#### Where's Papa?

THE ANSWER to habitual violation of Dallas traffic laws by teenagers in papa, if papa is around. Either papa is going to run his teen-ager, or the teen-ager is going to run over papa—and over somebody else before he's through. Give a 15-year-old an automobile, lead him to believe he can escape responsibility and the result is trouble.

All youngsters have a bit of recklessness and adventure. They wouldn't be normal if they didn't. Sometimes they like to be big shots, too. It's a full-time job for parents to control this big-shotism. Neglect can be fatal.

COUNCILWOMAN Elizabeth Blessing is rightfully indignant about the records of two youngsters in her neighborhood who were caught dragging. She is upset because one has been arrested and charged 66 times the last two years with traffic violations, has paid \$419 in fines and boasts that his lawyer-mouthpiece will take care of him. The other has a record of 26 arrests.

There is an even greater reason to be upset and that is the apparent unwillingness of papa to grab these youngsters by the seat of their pants, yank them out of their cars and not let them ever get behind a wheel until they convince everybody they are willing to obey authority.

Mrs. Blessing and others think state laws ought to be stricter on juvenile drivers. For that matter, there is plenty of evidence that they ought to be tougher on juveniles period. Nationally, juveniles are committing more than half the auto thefts, a fourth of the rapes and murders, 20 to 30 per cent of the robberies and thefts.

Under Texas law, teen-agers cannot be fined, jailed or prosecuted as habitual traffic violators until they are 17. Their licenses can be yanked—but only temporarily.

STRICTER LAWS will help, of course; at least the police will have a weapon for preventive and corrective action.

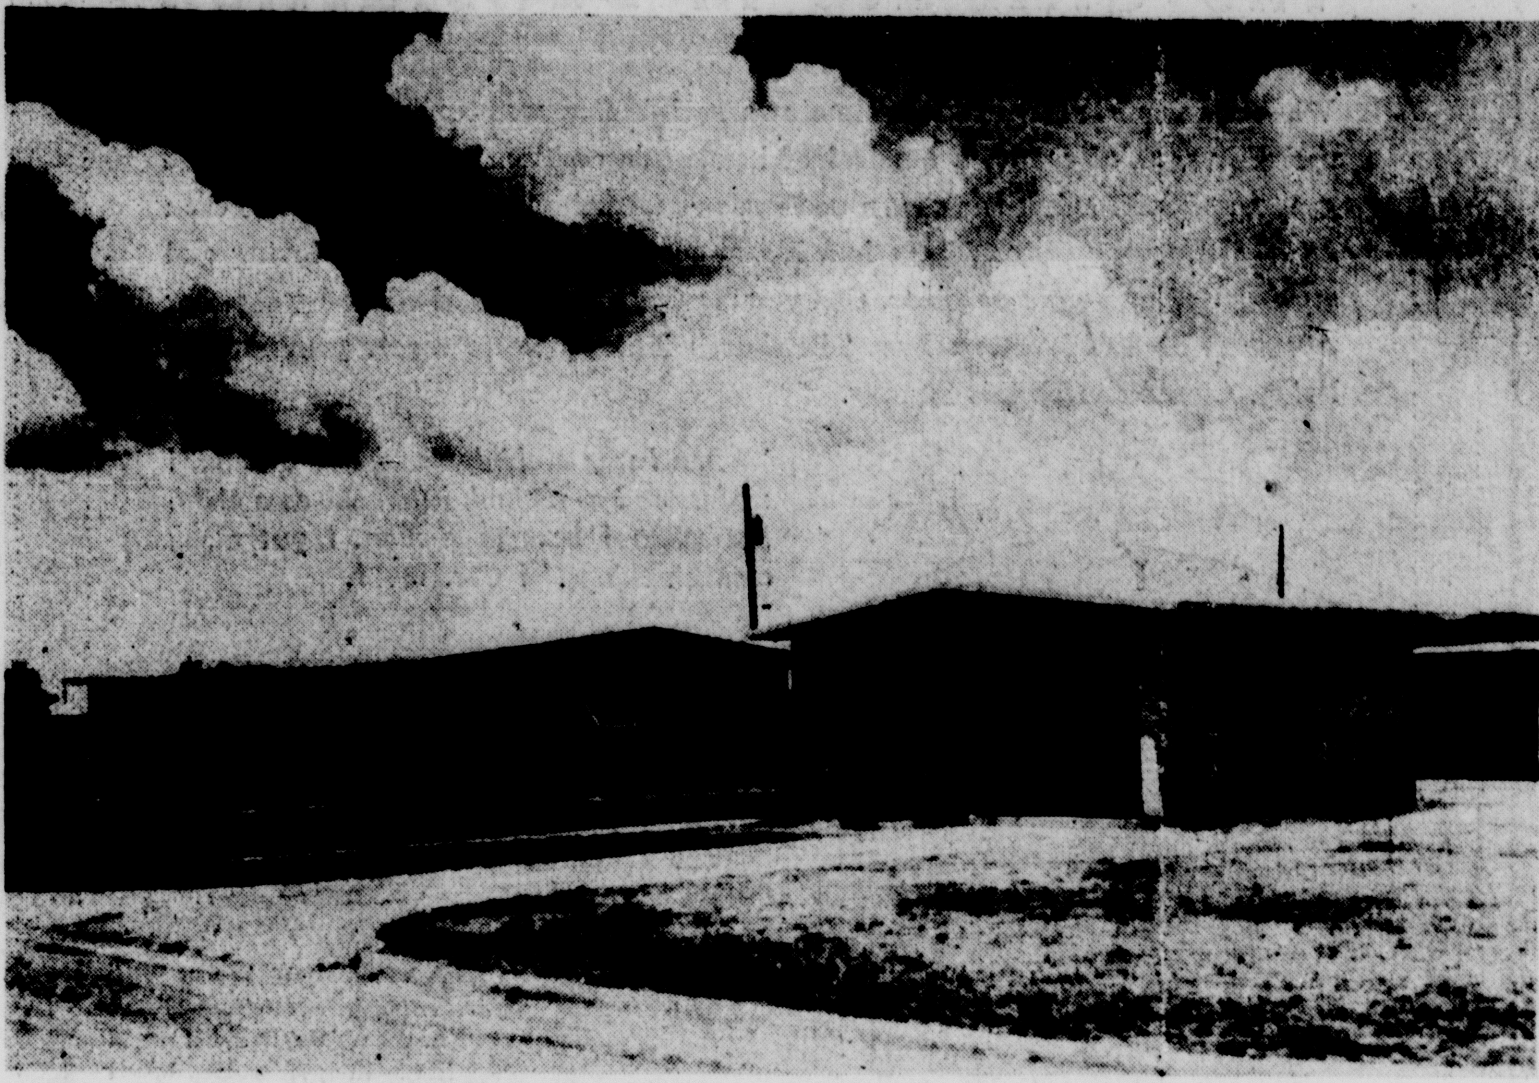

But papa can do more good than all the laws a legislative body can devise.

Papa can take the boy out behind the garage or patio, there being no woodshed anymore.

Papa can take the boy out of automobiles, until the youngster proves he will be respectful of property and authority.

Papa can make him work in the hot sun 10 hours a day until he's too tired to drag-race at night.

That's the way the father of the current crop of fathers

**LOW-RENT HOUSES NOW RENTED**—Paul Bryan, manager of the Housing Authority of the City of Hamlin, announced this week that all 20 units of the Low-Rent Houses have been rented and that he has about 15 or 20 families on the waiting list. Because of problems with the sewer system, the units in the Negro district have not been occupied as yet but in the other units families started moving in about the 10th. Pictured above is one of the duplex units on the left and the managers office on the right. The Authority is making application for more units at the present time with these units to be designed for elderly couples.

## LARGEST, MOST IMPRESSIVE OBSERVANCE OF FOURTH TAKES PLACE IN FAR OFF DENMARK

John Adams thought the birthday of the United States ought to be celebrated "from one end of this continent to the other" and prescribed pomp and parade, bells and bonfires for the occasion. But one of the largest and most impressive observances of Independence Day takes place thousands of miles away, in Denmark, according to World Book Encyclopedia.

Each year as many as 40,000 Danes and Americans gather at Rebild National Park in northern Jutland in an enduring gesture of international friendship. While the Stars and

stripes waves beside the Dannebrog, Denmark's flag, and television cameras glide along an avenue of U.S. state flags, there is band music and singing and even the traditional Fourth-of-July oratory.

The Rebild Festival was the inspiration of a group of Danish-born Americans led by Dr. Max Henius, a chemist who became a prominent citizen of Chicago. In 1911 they purchased 2000 acres of Denmark's heathery hills and in 1912, reports World Book Encyclopedia, they presented the land to the Danish government with the stipulation that the U.S. Independence Day be observed

there every year.

The celebration has taken place annually except during years of war. But even in 1940, when Denmark was an occupied country, a group of Danes raised the American flag alongside the Dannebrog within the park grounds.

In recent years, American speakers have included Chief Justice Earl Warren, Paul G. Hoffman and former vice president Richard M. Nixon. True to the memory of John Adams, however, the pomp doesn't end with the speeches. After the ceremonies in the park, the guests move to the neighboring town of Aalborg, where they end the Fourth with parades and fireworks.

### County 4-H Dress Revue Set July 9

The Jones County 4-H Dress Revue will be held on July 9, at 7 p.m., in the Anson High School Cafeteria, according to Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. All 4-H club members are urged to enter garments.

Dresses, skirts and blouses may be entered in one of the following three groups: 9, 10 and 11 year old group; 12-13 year old group; or 14 years and over for the Senior age group.

The 13 year old winner will model her garment in the District Dress Revue at Vernon on August 2. The senior winner will model her garment on a competitive basis with the other county winners of District III. The four district winners will compete in the State Dress Revue.

Miss Alice Kemp, Fisher County Home Demonstration Agent and Mrs. Agnes Marrs, Kent County Home Demonstration Agent will judge the garments on the girls at 9:30 on July 9 and the construction of the dress in the afternoon preceding the Revue at 7:30 p.m.

### Hawks Drop First Game of Season

The Hamlin Hawks lost their first game of the season last week as they were upset by the Haskell teenagers, 3-2.

In other action in the teenage baseball league play, the Hamlin Oilers scored two runs in the last of the seventh to overhaul the Roby Lions, 7-6. The Hamlin Colts pushed over a run in the last of the seventh to edge the Lions from Roby, 5-4. Friday night, Paul Long struck out 13 Lions.

The Hamlin 17-18 year old boys edged O'Brien, 5-4, in nine innings. Van Newberry homered for Hamlin.

handled disobedience, in those days they didn't request a law. They picked up a board,

### Study Club Names Committees for Coming Year

The Fifty-two Study Club meet in the home of Mrs. J. E. McCoy last Friday. Mrs. Vaughan presided during the business meeting.

Mrs. B. O. Bell was elected as librarian-historian and Mrs. L. E. Madden was elected corresponding secretary. These were to fill vacancies created by resignations.

The club elected Mrs. C. L. Crowley as a new member. They also chose "Orbits of Progress" as the theme for the year book.

The following committees were named by Mrs. Vaughan: program, Mmes. J. E. McCoy, B. O. Bell and Elbert Payne; finance, Mrs. Irby Weaver; public affairs, Mrs. Burt Oliver; home life, Mrs. Noel Weaver; international affairs, Mrs. Madden; fine arts, Mrs. Cecil Sellers; education, Mrs. W. J. Kemp; conservation, Mrs. Crowley; Texas heritage, Mrs. Dale Linn; membership, Mrs. Paul Cooper and nominating committee, Mmes. J. E. McCoy and Irby Weaver.

### Highway Contract Let for Lueders To Stamford Road

A contract for 14,069 miles of construction on US 380 in Jones County has been awarded to a Tye firm, it was announced in Austin this week by the State Highway Commission.

Subject to the concurrence of the Bureau of Public Roads J. H. Strain & Sons, Inc. submitted the low bid of \$959,407.00 on the project. Grading, structures, flexible base and two course surface treatment from Shackelford County line to Stamford, is expected to take 250 working days, according to J. C. Roberts District Highway Engineer at Abilene.

### Most of Town To Close Here For the Fourth

Hamlin businesses will take a day off here Thursday July 4 as most merchants take advantage of the mid-summer Independence Day.

Employers and employees alike will enjoy the brief vacation and have time to spend with their families, during the one day that the town will be closed.

### Semi Pros Shut Out Abilene Team

The Semi-pros shut-out Aklins of Abilene last Sunday 4-0. Teddy Underwood was the winning pitcher Wednesday night against Aspermont. The final score was 10-0.

Season Schedule  
July 7—Hamlin Kiwanis at Abilene  
July 14—Moore at Hamlin  
July 15—Hamlin at Merkel  
July 21—Amicable at Hamlin  
July 29—Hamlin at Abilene WTU

## A BACKGROUND IN THE COTTON BUSINESS PLUS A HOBBY ADDS UP TO A NEW BUSINESS HERE

Take a background in the cotton industry, a hobby of woodworking, and add to it a man who likes to tinker with ideas, and you come up with a new industry.

Herman McBride, owner of Producer's Bonded Warehouse here, is just such a man and his new industry is the manufacturing of a new advertising item for the cotton industry. He calls his product a "Cotton Bale Wall Clock" and it has become a very popular item with many of the larger companies in the cotton industry.

The clock is five inches wide, seven inches high and about two inches deep and is covered with natural colored burlap with black metal bands just like a regular bale of cotton. Enclosed in the case is a popular brand electric clock with black hands. The face numerals are black against a yellow background.

McBride has applied for a patent and has been marketing the clock on a limited scale for nearly a year now. Except for the clock mechanism itself, the whole unit is built and assembled in the office of the warehouse. The wooden case is drilled and shaped in McBride's woodworking shop and the clock is assembled on an assembly-line-scale in his office.

Current plans call for an increase in the production equipment as the demand for the clock spreads.

McBride built his first clock about a year ago and gave some to his customers. From this small beginning the idea has taken hold and he has received numerous orders with out ever trying to sell the clocks. Up to this point he has

been kept busy just getting out the orders that have come in from people that have seen one of the clocks somewhere.

The Continental Gin Company purchased several of the clocks to give away at the last Ginner's convention and this has generated considerable interest in the clock as an advertising item.

McBride has not limited his activities to this one type clock but has also built several other clocks using picture frame molding and various decorative items for the faces. At the present time it takes about three to four hours to finish one of the bale clocks, but McBride hopes to be able to add machinery to cut this time down.

He is working now on setting up some type of distribution system for selling the timepieces.

When asked how he came up with the idea for the cotton bale clock, he said that his 35 years in the some phase of the cotton industry as ginner, merchant and warehouseman along with his woodworking hobby was responsible. He has done quite a bit of picture framing and this work has given him ideas for the other clocks he has made.

### To Be Closed Through Saturday

The office of the Hamlin Herald will be closed Tuesday through Saturday of this week, according to the publisher, Bob Craig.

News items for the paper to be published July 11 may be mailed to the Hamlin Herald, Box 188, or taken to the office Monday, July 8.

## AREA FARMER, GROUP SAYS TO PUT 'SAFETY FIRST' OVER THE FOURTH

Funeral services for Glen C. Ford, 63, were held here Sunday at 2:30 p.m. in Central Avenue Baptist Church. Mr. Ford, an active farmer, had lived here for the past 15 years. He died at 2:30 p.m. Friday at his home on Route 3 following a heart attack.

Born in Sweetwater April 9, 1900, he was the son of the late Mr. and Mrs. George W. Ford.

He was married to the former Edith Ellis on December 28, 1922, in Lubbock.

Services were conducted by the pastor, the Rev. William G. Irwin. Burial was in Hamlin East Cemetery.

Survivors include his wife of Hamlin; his step-mother of Plainview, Mrs. Lillie Ford; four sons, Maurice, Edsel, both of Abilene, Glenn of Caps, Ellis of the home; two daughters, Mrs. Troy (Marie) Wilcox of Hamlin and Marjorie of the home; four brothers, John of Cross Plains, Grady of Hamlin, George of Andrews, Alvin of the U. S. Army; and one sister, Ellen of San Antonio.

Pallbearers were Guy Wilder, Dickie Ferguson, Robert Cary Sr., George Campbell, Roy Embrey.

### Cotton Insect Field Meetings Planned for Area

Three Cotton Insect Field Meetings will be held in Jones on Monday, July 8th, according to information today from County Agent, Kirby Clayton.

The three meetings are set up according to the following schedule: Hawley School House at 9:00 a.m.; Stamford Seed & Delinting Plant 1:30 p.m.; Tuxedo Store at 3:00 p.m.

Meetings are being held to help farmers with any insect problem with cotton, grain sorghums or other field crops which they might have.

Mr. Donald R. Rummels, Agricultural Extension Service office at Lubbock will be on hand to assist the County Agent with the meetings. All farmers are invited to attend.

AUSTIN — The Texas Safety Association today issued an urgent bulletin appealing to all Texans to put safety "first" in celebrating the Fourth of July holiday.

"Each year many lives are lost on holidays simply because people put away their safety rules for a day," J. O. Musick, TSA General Manager, said.

"But, the fact is—there just isn't a holiday on accidents."

The safety director cited that last year there were 5,655 accidental deaths in Texas. Of this number, 2,421 were motor vehicle fatalities.

The Association has joined the Texas Department of Public Safety, the Texas Highway Department and other groups in coordinating publicity for Independence Day safety promotions.

TSA is stressing caution and courtesy in traffic and urging Texans to practice safety at home, in public places and at work.

The traffic situation in Texas is now at a critical point with over 1,027 persons killed during the first six months of this year, or between January 1 and last Friday, June 22. This is a nine percent increase over the same period last year and safety officials report that unless the current trend is stopped, 1963 will become the deadliest year in Texas history for traffic fatalities.

Musick also reported an increase in non-transport fatalities. The 1962 figures show an increase of 277 deaths over the previous year.

In closing, he called on all Texans to "brush up" on all safety rules and "practice" safety—whether you're on the road or in your own back yard."

## HD RALLY DAY HERE DRAWS 35 GUESTS

The Friendship Home Demonstration club was host to 35 guests at the Rally Day program held here Friday at Hamlin High School. A covered dish luncheon was served at noon.

The clubs gave honors to their members with Mrs. J. C. Williams being the oldest grandmother present.

Mrs. C. C. Spraberry was the youngest grandmother and Mrs. Mack Doty of Willow Creek Club was the youngest mother present.

Avoca was recognized as the oldest club, having been active for 33 years. Sunshine club was the youngest club with 13 years.

Mrs. Williams was the oldest member present and Mrs. Spraberry was the youngest. Mrs. Dewey Ramsey of Comptere was named best leader.

Mrs. Cal McAninch of Goodman and Mrs. Merwick Harvey of Lueders were named best all round club members.

Mrs. Charlie Myatt of Willow Creek was selected the best all around club member in the county. Mrs. Elmer Joiner best chairman; and Mrs. B. V. Newberry, best agent.

### Buys Four Angus

Richard Young, Jr., Hamlin, recently purchased four registered Angus cows from James Cave, Rove, Texas.

### Father of Hamlin Women Dies Sun., Rites Held Monday

William David Berry, 78, of Rotan, father of two Hamlin women, died at 3 p.m. in Calian Hospital after a brief illness. A retired farmer, he had been a resident of Fisher County since 1920.

Services were held Monday at 2:30 p.m. in the First Methodist Church. Officiating ministers were Rev. Mervin Tennyson, former pastor of the Rotan Calvary Baptist Church, Rev. Bill Hays, pastor of the Calvary Baptist Church, and Rev. C. P. McMaster, pastor of the First Methodist Church of Rotan. Burial was in Rotan Cemetery.

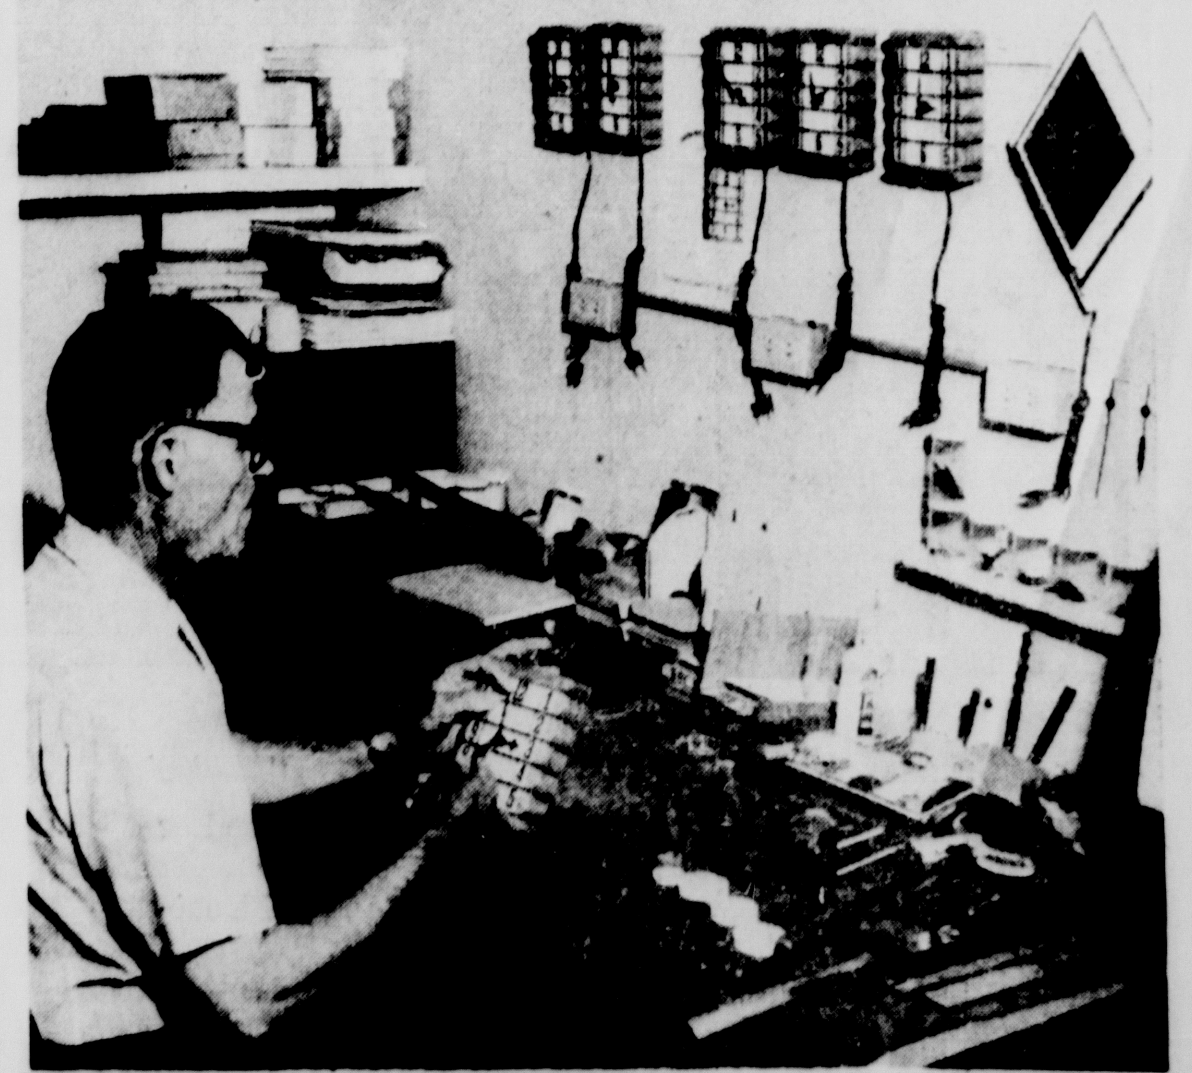

He was a member of the Calvary Baptist Church.

Survivors include the wife, the former Sadie Milsap; three sons, Doyle of Mineral Wells, Blair of Rotan, Gerald of Texarkana; five daughters, Mrs. Paul Cooper, Mrs. Morris Jean, both of Hamlin, Mrs. M. E. Long, Mrs. Carl Land, both of Fort Worth, Mrs. Jim Pierce of Charlotte, N. C.; one brother, Nathan of Portersville, Calif.; 27 grandchildren and 16 great-grandchildren.

### Swimming Pool Sets Morning for Women Swimmers

Managers of the Hamlin Swimming Pool have announced a special morning for women swimmers. Every Tuesday morning from 10 to 12 has been designated as Woman's Morning.

All women and girls are invited to take part. Regular admission prices will be charged.

## Winners in Jaycee Tennis Tourney Are Announced

In the Jaycee Tennis Tournament last week end Jimmy Heaton and Joe Kelley of Rotan took the sixteen year old boy's doubles. Larry Tanner of Abilene won the boys singles. Linda Brown of Rotan and Beverly Garner of Old Glory won the girls' singles. Sharon Leverett of Old Glory won the girls' doubles.

The open men's doubles was won by James Wright and Nordie Bayouth of Hamlin. Heaton and Kelley won the boys doubles. Miss Leverett and Miss Garner won the women's doubles. Stephanie Letz of Old Glory took the women's singles. Miss Letz and Dickie Hill of Aspermont won the mixed doubles.

Kelley, Heaton, Tanner, Leverett and Miss Garner will be in the State Jaycee tournament at Rosenberg July 30.

Services for Police Captain Lowell H. (Slim) Flanary of Brawley, Calif., were held there June 8. Capt. Flanary was a brother of Mrs. Bonnie Mason of Hamlin. He died June 4 after suffering a heart attack while driving on Highway 111. He had lived in California since 1942, moving there from Lubbock.

## Years Ago ...

### FIVE YEARS AGO

Row crops in the Hamlin territory took a new lease in life over the week-end as showers measuring up to three inches fell upon thirsty cotton and maize. But, as it usually the case in this West Texas area, the crops need more rain.

Irene May, granddaughter of Mrs. M. P. May of Hamlin, has received a \$1,000 scholarship award offered annually by the Department of California, American Legion Auxiliary, for an Americanism essay.

### TEN YEARS AGO

Deposits at the Farmers & Merchants National Bank at the close of business on June 30, 1953, totaled \$4,350,107.25, according to the official statement.

New officers have been elected for the coming year by members of the Hamlin High School chapter of Future Farmers of America as follows: Jackie Drummond, president; Paige Balze, secretary; Holly Toler, treasurer; Laverne Wilson, reporter; Boyce Irwin, historian; and Paul Johnson, sentinel.

First water for city use in Hamlin from the new Paint Creek Lake will be turned on August 1, according to Mac Brundage, mayor.

### FIFTEEN YEARS AGO:

Mr. and Mrs. Walker Hargrove and children visited friends and relatives at Cross Plains last week-end.

In the official statement of the Farmers & Merchants National Bank at close of business June 30, 1948, deposits were totaled at \$3,468,992.55.

Additional rains, totaling 2.71 inches since last Saturday, raised the water level in the Hamlin South Lake to within seven inches of the spillway, according to Bill Rountree, city water superintendent. This is about 14 months supply for city water.

### TWENTY-FIVE YEARS AGO

Stockholders, officers and employees of the Farmers & Merchants National Bank enjoyed a picnic at the Hamlin West Lake Friday. Previously the stockholders met at the bank and elected the following officers: J. W. Ezell, president; W. J. Bryant, vice president; and W. C. (Ted) Russell, cashier.

Rev. J. W. Griffin left last Saturday for Dexter, New Mexico, where he will conduct a revival meeting. While there he will visit in the home of a sis-

ter, Mrs. W. S. Morgan. . . W. B. Gist, painter of Aspermont, was killed and burned about 2:30 Sunday morning at the Katy depot in North Hamlin when his car ran into the Katy freight train.

Marie Akers left Friday for Kerrville, where she will spend her vacation at Camp Mystic.

### FORTY YEARS AGO

The Workers Class, chaperoned by Mrs. Crockett will leave the Baptist Church, Sunday morning, July 15, at seven thirty o'clock, to attend the Baptist Encampment at Lueders. Every member is urged to go and invite one guest. Lunch will be provided by the girls.

"Grandpa" May and "daddy" Tate is the way to address these proud citizens of Hamlin since the arrival of a fine eight pound boy at the home of Mr. and Mrs. Tate May on Monday morning, July the ninth. Mother and babe are in the Stamford sanitarium and doing fine.

Mr. and Mrs. R. F. Wyne and children of Burkburnett came Wednesday to visit Mr. and Mrs. Elmer Feagan.

## COTTON PRODUCTION COSTS CAN BE CUT 11c A POUND--COUNCIL

Memphis, Tenn.—(Special)—The solution to a competitive price for cotton lies in a reduction in the cost of producing it—and this cost can be cut by 11 cent per pound within five to ten years.

This is pointed out by George S. Buck of the National Cotton Council. The Council is pressing for Congressional approval of a crash research program to reduce cotton costs.

Objective is a competitive price for cotton, produced at a cost low enough to give the grower a profit without reliance on government subsidies.

Mr. Buck lists six problem areas which offer the greatest promise for substantial cost reductions:

At least two cent per pound can be cut from the average of seven cents now attributable to insects and cost of their control.

Another two cents per pound can be shaved off losses due to cotton diseases.

Cost of hoe labor for weed control averages \$20 per acre. Better control through more efficient herbicides can effect cost savings of two cents per pound.

Improved mechanization could trim costs one cent per pound.

Stepping up yields by 100 pounds per acre through biological and genetic research would reduce cost by two cents per pound.

In the ginning-marketing-mill processing areas, new systems and techniques could mean savings of two cents per pound.

It has been estimated that the full cost reduction of 11 cents per pound could be accomplished within five to ten years, with some benefits to be realized sooner through more widespread application of existing technology.

Feasibility of the cost-cutting research program, as outlined in a 58-page publication of the National Cotton Council, has been endorsed by research administrators of the U.S. Department of Agriculture.

## THE HAMLIN HERALD

Established in November, 1906

Published Every Thursday at The Herald Building, Hamlin, Jones County, Texas, by the Pied Piper Publishing Company, 340 S. Central Telephone SP 4-1606

Entered at Post Office at Hamlin, Texas, for transmission through the mails as Second Class matter according to an Act of Congress on March 3, 1879.

Editor-Publisher

Bob Craig

A Long Distance Call...

makes you feel this close to someone faraway

Miles melt away when you call a distant friend or relative by Long Distance.

Just pick up your phone and you're in touch with out-of-town loved ones, often within a minute.

Station-to-station calls go through at lower rates — at least one-third less than person-to-person calls. Rates are even lower nights and all day Sunday.

Long Distance... next best thing to being there

## The Ultimate in Satisfaction

When we were children, the ultimate in satisfaction was an ice cream cone, a nickel's worth of candy, a handful of homemade cookies. But now that we are grown-up, God's spirit has shown us there are more important things in life than satisfying our appetites. There is a higher plane of living — that of loving and serving God and one's neighbor. God wants us to respond to His love by showing this same kind of love to others. The church is the place to center your mature living. Attend church this Sunday.

"When I was a child, I spake as a child. I understood as a child, I thought as a child; but when I became a man, I put away childish things." I Cor. 13:11.

**EVERYONE IN THE CHURCH**  
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# FAIRVIEW NEWS

By MRS. ELMER JOINER

This Monday morning is a beautiful hot summer day, no rain has fallen for the past week, excepting a little local shower Sunday afternoon in a small area. Crops are very pretty, quite a few big weeds in the cotton yet, but most fields have hoe hands at work in them, so if the pretty weather continues it could be that the farmers will catch up in time to go fishing before next time this year.

Our attendance was up in Sunday School Sunday, having had several visitors. Mr. and Mrs. Doyal Bills and Jana, Bruce and Barry Johnson, were guests of Winslow Grays in services Sunday morning.

Was also good to see Mr. and Mrs. Bill Kelly and little grandson, in church, after being absent some time.

We are sorry to report that Mrs. Raleigh Bond has spent the last week in the hospital, but at last report she will be going home this morning.

Visiting old scenes and reminiscing over the past in this area, Mrs. Kate Jennings and her son, Sam Jennings, stopped by to visit with the Flavel Holmes, last Wednesday after-

noon. They were accompanied by Mrs. Jennings sister, Mrs. Dixson, sister-in-law, Mrs. Dave Herbst, and a friend, Mrs. T. T. Brady, all of Hamlin. The Jennings were on their way to Oklahoma City to visit a daughter of Mr. Jennings.

Thursday night Mr. and Mrs. Jim Hickey, Kathleen, Bruce and Dinah, from Belflower, Calif., spent the night with her uncle, the Woodrow Goodwins.

Mr. and Mrs. Nathan Stephens, Odessa, were recent visitors with his parents, the George Wainwrights and Grandma kept the little son, Kyle, from Monday until Thursday.

Mr. and Mrs. David Higgins and sons, also visited her parents, the Wainwrights, last week.

Mrs. Elmer Joiner attended Rally Day, for the Home Demonstration Clubs of Jones County, Friday, in the High School cafeteria, in Hamlin. Plans were made for some time to meet in the guest house at the oil mill, but owing to circumstances beyond their control, the break down of the air conditioning, the place had to be changed at the last moment. So the day was saved by Mr. Newberry, principal of High School and husband of our agent, inviting us to the High School cafeteria, which all turned out very nicely and an enjoyable day was spent by all those attending.

Mr. and Mrs. Fred Rosenbaum went to Post Sunday to visit his brother, Mr. and Mrs. Ambrose Rosenbaum. He lives just up on the Plains, west of Post, and Mrs. Rosenbaum reports that she in proud of our crops here, they don't look so well up there.

Rev. and Mrs. Kenneth Leverett will attend the Evangelistic Conference, in Dallas, Tuesday, Wednesday and Thursday, of this week. The little daughters will stay home with relatives, for they wouldn't appreciate the meeting very much.

Mr. and Mrs. Johnnie Agnew visited with Mr. and Mrs. Joe Ford Saturday night.

Mr. and Mrs. Woodrow Goodwin and Linda, visited Mrs. Raleigh Bond in the Hamlin Hospital, Sunday afternoon.

As usual, Mrs. Henry had a host of company last week. Mrs. Henry has a lot of company and enjoys every one of

them. That is almost a list of all that of being a good hostess but Mr. and Mrs. Henry are our "young" senior citizens. Visiting them from Monday till Friday were cousins, Mr. and Mrs. Will Boyd, Blooming Grove, Texas, then Saturday night, a granddaughter, Mr. and Mrs. Mack Sansing and the little great granddaughter Kathy, from Austin, spent the night.

Mr. and Mrs. Elmer Joiner went to Stamford Sunday afternoon, to visit, and Jeanne Joiner came home with them to spend a few days.

If any one is wondering about the coons in our church house these days, they are still there and it seems from the noises coming out of the wall they have raised a new family. We still haven't figured out a way to get them out they are a terrible nuisance, for if damp weather the order is terrific. With people, the preachers' sermons will either scare people in or out, one, but these coons don't seem to have much fear for they have withstood the preaching of three, no four, different pastors, and are still there.

The Texas Safety Association cautions drivers that some sun shades can distort vision. Watch for lenses which contain "air bubbles". They distort the wearer's vision and offer no safeguard against infra-red light and little protection against ultra-violet light. Remember, you need to see where you're going to get there safely!

## NEILDA PHILOSOPHER SAYS UNREST IN THE COUNTRY RUNNING FAR DEEPER THAN HE REALIZED

Editor's note: The Neilda Philosopher on his Johnson farm on Route 1 reports on a new phase of unrest in the county, his letter this week reveals.

I knew there was unrest in all sections of the nation but I didn't know how deep and how far it had gone until I read a small item in a newspaper last night which a neighbor had wrapped some vegetables in he'd brought me, a favor I'll return if anything over volunteers to grow in my garden. You can't tell, something might come up on its own.

According to it, a judge in some state, I forgot which, fined a lawyer \$100 for being

15 minutes late to court. This is revolutionary. It strikes at the heart of the whole system of jurisprudence. Everything has exploded this summer.

I had thought that if there was any right imbedded in the American system which was completely beyond challenge and incapable of ever being changed, it was the right of a lawyer to never be ready when court opens.

I had thought that the Constitution itself set forth the fundamental principle of law that the more jurors and more witnesses called on a given case and the more time the lawyers had to prepare, the more likely some lawyer is to argue he's not quite ready and

the case should be held over till the next term or till next Monday at least or if he can't do any better till 2:30 this afternoon instead of 9 this morning.

But for a judge to fly in the face of history and fine a lawyer \$100 for being 15 minutes late in arriving at what likely could be a postponement anyway, only indicates how deep-running the feeling of revolt and overthrow of customs has become. Enforced in all courts of the land, it could help reduce the national debt.

I tell you, if President Kennedy hears of this, he'll be back at his desk after his European trip realizing this country is seething with more change than he had suspected.

You can fine a prospective juror if he's not sitting in court and sitting and sitting when the time comes to start lawyers should be ready is so un-heard-of and so contrary to tradition that it's practically preposterous.

Believe me, I'll be glad when this summer is over and things can level off.

Yours faithfully  
J. A.

Slaughtering and meat packing is the most important industry of Hamlin.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Former Railroad Commissioner Bill Murry has been exonerated by the Travis County grand jury of any criminal wrongdoing

in his personal business relations with the oil industry while a member of the Commission.

Murry's duties as one of the commissions included the drafting of rules regulating the oil industry.

It was the feeling of the grand jury that his personal investments in the oil business had in no way influenced his decisions as a commissioner.

Gov. John Connally previously had released a report, presented to him by Attorney General Waggoner Carr, to the effect that an investigation of Murry's personal income tax reports had revealed that he had made more than \$1,600,000 from his oil investments while serving on the commission.

This report was turned to the grand jury. Murry resigned from the commission several weeks ago when the conflict of interest question arose. He admitted at the time that he had been making such investments but emphatically declared they in no way influenced his decisions.

**DISREGARDING DISREGARDERS**—Governor Connally says the Senate-House appropriations conference committee, which came up with the state budget bill that he protested so vigorously, never

bothered to look at his budget recommendation. Connally claims this was one reason higher education was "short changed" in the appropriations bill.

In a recent meeting of the Legislative Budget Board Lt. Gov. Preston Smith said the same sort of situation, where in legislators disregard governor's recommendation, could apply to the Governor's Committee To Study Education Beyond the Highschool (No legislators serve on the 25-member committee.)

So the Legislative Budget Board, made up of Senators and Representatives, set up its own college study committee, and ordered its staff to study problems of financing the state's 20 colleges.

Sen. Galloway Calhoun of Tyler, who asked for the board study, said he was afraid the state might run private colleges out of business by creating more tax-supported colleges. He also said that students should bear "a more reasonable portion of the cost" of their college education.

This statement could be interpreted as a preface to state-college tuition increases in the fall of 1965.

**INDUSTRIAL PICTURE LOOKS GOOD**—Texas fell from the second place to fourth among the Top Ten States in Industrial Development last month.

But B. R. Shelton, assistant director of the Texas Industrial commission said the report does not show a clear picture.

Actually, says Shelton, industry is developing in Texas at a more rapid pace than it did in 1962. At that time the state finished third among the 50 states contending for new industries.

In the month preceding the report, 24 new plants were opened in 15 cities. These included small towns like Georgetown, Refugio, Littlefield and Lewisville, as well as metropolitan cities.

**DEATH KNEEL FOR BACERO PROGRAM**—Congress killed the Bacero program and set a burial date of December 31, when it refused to extend the agreement to import Mexican farm laborers for two more years.

It may help agriculture workers in other states, but Henry LeBlanc, Director of the Texas

Employment Commission's farm labor division, says it won't help Texas' farm workers.

It might even hurt local workers, LeBlanc allowed, "because the Bacero program has kept the pay rate up."

Absence of the Bracero competition, LeBlanc explained, could result in lower wages for this state's workers.

It is rumored that Colorado lawmakers plan to introduce a bill to extend the Bracero program there for one year. Purpose is to allow more time for readjustment of the farm labor system.

**COASTAL PARK PIER PLANNED**—State Parks Board has granted a permit for an elaborate, 900-foot fishermen's pier which would stretch across narrow Velasco State Park into the Gulf of Mexico.

Park is a 26-mile long stretch of sand, of undetermined width, covering the coastal front of Brazoria County in the Freeport area.

Developers expect to complete the \$40,000 pier and connect it with a \$25,000 acre land development in two months.

**PLEASURE CITY**—State School Land Board accepted the only bid it received for a con-

tract to lease state submerged land to build a 10,000-foot long channel from Corpus Christi to a proposed multi-million dollar pleasure city on Mustang Island.

Bid-winner was Mustang Beach Development Corporation. It is the same organization (owned by Piper Aircraft Corporation) that intends to develop 900 acres of Mustang Island into a Marina City, complete with homes, personal boat slips, industry and recreation facilities.

Channel is expected to cost \$100,000 and will be available, free, for public use.

**SUPREME COURT FIRM**—State Supreme Court overruled Attorney General Carr's motion for a rehearing of the case, Government Service Insurance Underwriters et al versus 53rd District Judge Herman Jones.

It stood firm on its earlier ruling that legislative continuances are constitutional.

Texas' 20-year-old legislative law provides automatic postponement of court hearings and trials for parties represented by legislator-lawyers when the Legislature is in session.

Carr has been backing Judge Jones' contention that

the law is unconstitutional.

**ATTORNEY GENERAL RULING**—Attorney general has ruled that a recently-passed bill by Rep. Forrest Harding of San Angelo gave the State Highway Commission authority to alter maximum speed limits. Commission could set them as high as 70 mile per hour.

Also it could set minimum speed limits on controlled highways, whether within or without a city's limits, regardless of any speed limit set by city ordinance.

**ESCHEAT PROCESS SLOW**—It took the 1961 Legislature two special sessions to pass escheat-reporting laws to insure the state's right to dormant personal property and bank accounts, unclaimed for more than seven years by owners whose whereabouts are unknown.

To date more than \$1,600,000 has been collected by the state.

Most came from the "bank escheat" law, which became effective on May 3, 1962. Law requires banks, savings and loan associations and credit unions to publicize dormant accounts in an attempt to uncover lost owners. Unclaimed

THE HAMLIN HERALD

JULY 2, 1963

deposits then are turned over to the state.

So far, this has totaled \$1,340,493.15. A provision in the law allows a person claiming interest in escheated properties to recover his money. This has caused \$1,686.68 to be refunded.

Originally, utility companies county treasurers, insurance firms, court officers and others affected by the first escheat-reporting law reported more than \$3,300,000 worth of unclaimed holdings.

However, by the time public notice was given, the amount

dwindled to \$2,260,691.88. Newspaper publicity relative to the new act resulted in numerous inquiries and claims.

## Gas Refund Blanks Now Available

Application blanks for Federal Tax Refunds on gasoline used on Farms may be picked up at the County Agents office, says County Agent Kirby Clayton. The refund covers the period from July 1, 1962, through June 30th, 1963.

Claims for the refund must be filed with the U. S. District Director of Internal Revenue before September 30, 1963.

## ACC to Sponsor Y'book Workshop

ABILENE.— Abilene Christian College is sponsoring a workshop for high school and college yearbook staffs and advisors July 29-August 2.

Instructors will be furnished by Taylor Publishing Company of Dallas, Chief instructor will be Charles Dolan, reputedly one of the best yearbook teachers in the country.

The workshop is designed to be as practical as possible. Each school sending representatives will be able to blueprint its book for next year during the workshop. Also, a "yearbook" covering the clinic will be produced in less than five days.

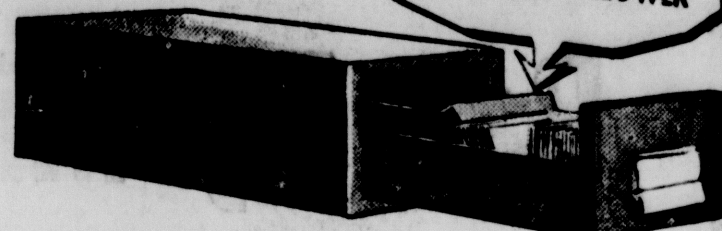

Any yearbook staff member or advisor wishing to attend the clinic should write to the Journalism Department, Abilene Christian College, Abilene, for reservations or further information about the program.

THE HAMLIN HERALD

JULY 2, 1963

## MR. AND MRS. ROGER JOHNSON TO MAKE THEIR HOME HERE

LeQuita Morgan, daughter of Mr. and Mrs. Edgar Morgan of Munday, and Roger Johnson, son of Mr. and Mrs. Vernon Johnson of Hamlin, exchanged wedding vows Friday evening at 8 p.m. in the Munday Church of Christ. The minister, Howard Emerson, read the single ring ceremony.

Miss Martha Ford of Munday was maid of honor. Jerry Legan of Hamlin was best man. The bride wore a short length dress of blue cotton with

jacket of white silk organza. The jacket was accented with wide band of lace on the sleeves and on the lower edge of the jacket which came just to the waistline. Her headpiece was an open crown white satin hat with brief circular veil. Other accessories were white. She carried a bouquet of white carnations and pom poms.

Miss Ford wore a blue sheer cotton embroidered with white floral designs. Her corsage was of white pom poms and her accessories were white.

The reception was held in the home of the bride's aunt, Mrs. Nolan Phillips. The table was covered with blue net over a white cloth. An arrangement of white gladioli flanked with white candles centered the table. Crystal and silver appointments were used.

Members of the houseparty were Mrs. Dennis Morgan, Miss Martha Morgan, Miss Lynda Welch, Miss Suzie Phillips, all of Munday, Mrs. Norris Morgan registered guests.

The couple will live here where Johnson is employed with Hamlin Paint and Body Shop. The former Miss Morgan attended Munday High School. The bridegroom is a 1962 graduate of Hamlin High School.

### Letter to Editor

Hamlin Herald-

In this week's Hamlin Herald the ad appeared for the movie, "Poor White Trash."

I would deeply wish for the Good of all of us, and especially our youths, that such advertisements as this would not appear in our paper. It is bad enough that such a movie is shown, but I hope that something can be done about such advertisement.

I feel that you, too, are concerned about our youth. As a Christian I would like to voice my protest against such advertisement coming into my home and I would hope that you can see your way clear to take a firm stand and refuse to publish such as this. I realize that you need reason to refuse any paid advertisement and I am writing this letter to offer my part of that reason.

We are proud of Hamlin and feel that this sort of degrading publicity is far below the ideals and desires of Hamlin citizens. Other towns and people will soon falsely judge our town if such indecent advertisements are printed in our home-town paper, regardless of the real content of the movie.

May I also mention that I have already written a letter of disgust and protest to the theater so that they may also pass on to their owners this protest.

Respectfully,  
Mrs. S. L. Tate, Jr.

Martin Van Buren was the first President born in the USA.

## News and Views...

### and what have you

by BOB CRAIG

There seems to be a trend all across the country to try and solve all the country's and world's problems by enacting laws to force someone else to look after all of our wants and shortcomings. It would seem that no one should have to show any restraint but that someone else should just remove all dangers and temptations.

Parents don't seem to be able to control their own kids these days—either because they are afraid that they might upset their emotions or they just don't want to take the trouble.

Up at Aspermont this past week someone broke into the City's swimming pool and turned on the valves that let out the chlorine gas. Wednesday morning as swimming class for children was being held the instructor noticed the smell of chlorine and some of the children getting sick. One child became unconscious and was carried to a doctor. This child and another was put under oxygen.

Just about every week you see where some youths who just seem to run loose without any parental supervision cause some kind of damage or other.

The following editorial appeared in the Dallas Morning News this past week and there would seem to be an answer in it for a lot of our problems.

#### Where's Papa?

THE ANSWER to habitual violation of Dallas traffic laws by teenagers in papa, if papa is around. Either papa is going to run his teenager, or the teenager is going to run over papa—and over somebody else before he's through. Give a 15-year-old an automobile, lead him to believe he can escape responsibility and the result is trouble.

All youngsters have a bit of recklessness and adventure. They wouldn't be normal if they didn't. Sometimes they like to be big shots, too. It's a full-time job for parents to control this big-shotism. Neglect can be fatal.

COUNCILWOMAN Elizabeth Blessing is rightfully indignant about the records of two youngsters in her neighborhood who were caught dragging. She is upset because one has been arrested and charged 66 times the last two years with traffic violations, has paid \$419 in fines and boasts that his lawyer-mouthpiece will take care of him. The other has a record of 26 arrests.

There is an even greater reason to be upset—and that is the apparent unwillingness of papa to grab these youngsters by the seat of their pants, yank them out of their cars and not let them ever get behind a wheel until they convince everybody they are willing to obey authority.

Mrs. Blessing and others think state laws ought to be stricter on juvenile drivers. For that matter, there is plenty of evidence that they ought to be tougher on juveniles—period. Nationally, juveniles are committing more than half the auto thefts, a fourth of the rapes and murders, 20 to 30 per cent of the robberies and thefts.

Under Texas law, teen-agers cannot be fined, jailed or prosecuted as habitual traffic violators until they are 17. Their licenses can be yanked—but only temporarily.

STRICTER LAWS will help, of course; at least the police will have a weapon for preventive and corrective action. But papa can do more good than all the laws a legislative body can devise.

Papa can take the boy out behind the garage or patio, there being no woodshed any more.

Papa can take the boy out of automobiles, until the youngster proves he will be respectful of property and authority.

Papa can make him work in the hot sun 10 hours a day until he's too tired to drag-pace at night.

That's the way the father of the current crop of fathers

**LOW-RENT HOUSES NOW RENTED** — Paul Bryan, manager of the Housing Authority of the City of Hamlin, announced this week that all 20 units of the Low-Rent Houses have been rented and that he has about 15 or 20 families on the waiting list. Because of problems with the sewer system, the units in the Negro district have not been occupied as yet but in the other units families started moving in about the 10th. Pictured above is one of the duplex units on the left and the managers office on the right. The Authority is making application for more units at the present time with these units to be designed for elderly couples.

## LARGEST, MOST IMPRESSIVE OBSERVANCE OF FOURTH TAKES PLACE IN FAR OFF DENMARK

John Adams thought the birthday of the United States ought to be celebrated "from one end of this continent to the other" and prescribed pomp and parade, bells and bonfires for the occasion. But one of the largest and most impressive observances of Independence Day takes place thousands of miles away, in Denmark, according to World Book Encyclopedia.

Each year as many as 40,000 Danes and Americans gather at Rebild National Park in northern Jutland in an enduring gesture of international friendship. While the Stars and

stripes waves beside the Dannebrog, Denmark's flag, and television cameras glide along an avenue of U.S. state flags, there is band music and singing and even the traditional Fourth-of-July oratory.

The Rebild Festival was the inspiration of a group of Danish-born Americans led by Dr. Max Hennius, a chemist who became a prominent citizen of Chicago. In 1911 they purchased 2000 acres of Denmark's heathery hills and in 1912, reports World Book Encyclopedia, they presented the land to the Danish government with the stipulation that the U.S. Independence Day be observed

there every year.

The celebration has taken place annually except during years of war. But even in 1940, when Denmark was an occupied country, a group of Danes raised the American flag alongside the Dannebrog within the park grounds.

In recent years, American speakers have included Chief Justice Earl Warren, Paul G. Hoffman and former vice president Richard M. Nixon. True to the memory of John Adams, however, the pomp doesn't end with the speeches. After the ceremonies in the park, the guests move to the neighboring town of Aalborg, where they end the Fourth with parades and fireworks.

### County 4-H Dress Revue Set July 9

The Jones County 4-H Dress Revue will be held on July 9, at 7 p.m., in the Anson High School Cafeteria, according to Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. All 4-H club members are urged to enter garments.

Dresses, skirts and blouses may be entered in one of the following three groups: 9, 10 and 11 year old group; 12-13 year old group; or 14 years and over for the Senior age group.

The 13 year old winner will model her garment in the District Dress Revue at Vernon on August 2. The senior winner will model her garment on a competitive basis with the other county winners of District III. The four district winners will compete in the State Dress Revue.

Miss Alice Kemp, Fisher County Home Demonstration Agent and Mrs. Agnes Marrs, Kent County Home Demonstration Agent will judge the garments on the girls at 9:30 on July 9 and the construction of the dress in the afternoon preceding the Revue at 7:30 p.m.

### Hawks Drop First Game of Season

The Hamlin Hawks lost their first game of the season last week as they were upset by the Haskell teenagers, 3-2.

In other action in the teenage baseball league play, the Hamlin Oilers scored two runs in the last of the seventh to overhaul the Roby Lions, 7-6. The Hamlin Colts pushed over a run in the last of the seventh to edge the Lions from Roby, 5-4, Friday night. Paul Long struck out 13 Lions.

The Hamlin 17-18 year old boys, edged O'Brien, 5-4, in nine innings. Van Newberry homered for Hamlin.

handed disobedience. In those days they didn't request a law. They picked up a board,

### Study Club Names Committees for Coming Year

The Fifty-two Study Club meet in the home of Mrs. J. E. McCoy last Friday. Mrs. Vaughan presided during the business meeting.

Mrs. B. O. Bell was elected as librarian-historian and Mrs. L. E. Madden was elected corresponding secretary. These were to fill vacancies created by resignations.

The club elected Mrs. C. L. Crowley as a new member. They also chose "Orbits of Progress" as the theme for the year book.

The following committees were named by Mrs. Vaughan: program, Mmes. J. E. McCoy, B. O. Bell and Elbert Payne; finance, Mrs. Irby Weaver; public affairs, Mrs. Burt Oliver; home life, Mrs. Noel Weaver; international affairs, Mrs. Madden; fine arts, Mrs. Cecil Sellers; education, Mrs. W. J. Kemp; conservation, Mrs. Crowley; Texas heritage, Mrs. Dale Lain; membership, Mrs. Paul Cooper and nominating committee, Mmes. J. E. McCoy and Irby Weaver.

### Highway Contract Let for Lueders To Stamford Road

A contract for 14,009 miles of construction on US 380 in Jones County has been awarded to a Tye firm, it was announced in Austin this week by the State Highway Commission.

Subject to the concurrence of the Bureau of Public Roads J. H. Strain & Sons, Inc. Submitted the low bid of \$959,407.00 on the project. Grading, structures, flexible base and two course surface treatment from Shackelford County line to Stamford, is expected to take 250 working days, according to J. C. Roberts District Highway Engineer at Abilene.

### Most of Town To Close Here For the Fourth

Hamlin businesses will take a day off here Thursday July 4 as most merchants take advantage of the mid-summer Independence Day. Employers and employees alike will enjoy the brief vacation and have time to spend with their families, during the one day that the town will be closed.

### Semi Pros Shut Out Abilene Team

The Semi-pros shut-out Aldins of Abilene last Sunday 4-0. Teddy Underwood was the winning pitcher Wednesday night against Aspermont. The final score was 10-0.

Season Schedule  
July 7—Hamlin Kiwanis at Abilene  
July 14—Moore at Hamlin  
July 15 Hamlin at Merkel  
July 21—Amicable at Hamlin  
July 29—Hamlin at Abilene WTU

## A BACKGROUND IN THE COTTON BUSINESS PLUS A HOBBY ADDS UP TO A NEW BUSINESS HERE

Take a background in the cotton industry, a hobby of woodworking, and add to it a man who likes to tinker with ideas, and you come up with a new industry.

Herman McBride, owner of Producer's Bonded Warehouse here, is just such a man and his new industry is the manufacturing of a new advertising item for the cotton industry. He calls his product a "Cotton Bale Wall Clock" and it has become a very popular item with many of the larger companies in the cotton industry.

The clock is five inches wide, seven inches high and about two inches deep and is covered with natural colored burlap with black metal bands just like a regular bale of cotton. Enclosed in the case is a popular brand electric clock with black hands. The face numerals are black against a yellow background.

McBride has applied for a patent and has been marketing the clock on a limited scale for nearly a year now. Except for the clock mechanism itself, the whole unit is built and assembled in the office of the warehouse. The wooden case is drilled and shaped in McBride's woodworking shop and the clock is assembled on an assembly-line-scale in his office.

Current plans call for an increase in the production equipment as the demand for the clock spreads. McBride built his first clock about a year ago and gave some to his customers. From this small beginning the idea has taken hold and he has received numerous orders with out ever trying to sell the clocks. Up to this point he has

been kept busy just getting out the orders that have come in from people that have seen one of the clocks somewhere.

The Continental Gin Company purchased several of the clocks to give away at the last Ginners convention and this has generated considerable interest in the clock as an advertising item.

McBride has not limited his activities to this one type clock but has also built several other clocks using picture frame molding and various decorative items for the faces. At the present time it takes about three to four hours to finish one of the bale clocks, but McBride hopes to be able to add machinery to cut this time down.

He is working now on setting up some type of distribution system for selling the time-pieces. When asked how he came up with the idea for the cotton bale clock, he said that his 35 years in the some phase of the cotton industry as ginners, merchandiser and warehouseman along with his woodworking hobby was responsible. He has done quite a bit of picture framing and this work has given him ideas for the other clocks he has made.

### To Be Closed Through Saturday

The office of the Hamlin Herald will be closed Tuesday through Saturday of this week, according to the publisher, Bob Craig.

News items for the paper to be published July 11 may be mailed to the Hamlin Herald, Box 188, or taken to the office Monday, July 8.

## AREA FARMER, O. C. FORD, DIES FRIDAY

Funeral services for Glen C. Ford, 63, were held here Sunday at 2:30 p.m. in Central Avenue Baptist Church. Mr. Ford, an active farmer, had lived here for the past 15 years. He died at 2:30 p.m. Friday at his home on Route 3 following a heart attack.

Born in Sweetwater April 9, 1900, he was the son of the late Mr. and Mrs. George W. Ford.

He was married to the former Edith Ellis on December 28, 1922, in Lubbock.

Services were conducted by the pastor, the Rev. William G. Irwin. Burial was in Hamlin East Cemetery.

Survivors include his wife of Hamlin; his step-mother of Plainview, Mrs. Lillie Ford; four sons, Maurice, Edsel, both of Abilene, Glenn of Caps, Ellis of the home; two daughters, Mrs. Troy (Marie) Wilcox of Hamlin and Marjorie of the home; four brothers, John of Cross Plains, Grady of Hamlin, George of Andrews, Alvin of the U. S. Army, and one sister, Ellen of San Antonio.

Palbearers were Guy Wilder, Dickie Ferguson, Robert Cary Sr., George Campbell, Roy Embrey.

### Cotton Insect Field Meetings Planned for Area

Three Cotton Insect Field Meetings will be held in Jones on Monday, July 8th, according to information today from County Agent, Kirby Clayton.

The three meetings are set up according to the following schedule: Hawley School House at 9:00 a.m.; Stamford Seed & Delinting Plant 1:30 p.m.; Tuxedo Store at 3:00 p.m.

Meetings are being held to help farmers with any insect problem with cotton, grain sorghums or other field crops which they might have.

Mr. Donald R. Rummels, Agricultural Extension Service office at Lubbock will be on hand to assist the County Agent with the meetings. All farmers are invited to attend.

## GROUP SAYS TO PUT 'SAFETY FIRST' OVER THE FOURTH

AUSTIN — The Texas Safety Association today issued an urgent bulletin appealing to all Texans to put safety "first" in celebrating the Fourth of July holiday.

Each year many lives are lost on holidays simply because people put away their safety rules for a day," J. O. Musick, TSA General Manager, said.

"But, the fact is—there just isn't a holiday on accidents."

The safety director cited that last year there were 5,655 accidental deaths in Texas. Of this number, 2,421 were motor vehicle fatalities.

The Association has joined the Texas Department of Public Safety, the Texas Highway Department and other groups in coordinating publicity for Independence Day safety promotions.

TSA is stressing caution and courtesy in traffic and urging Texans to practice safety at home, in public places and at work.

The traffic situation in Texas is now at a critical point with over 1,027 persons killed during the first six months of this year, or between January 1 and last Friday, June 22. This is a nine percent increase over the same period last year and safety officials report that unless the current trend is stopped, 1963 will become the deadliest year in Texas history for traffic fatalities.

Musick also reported an increase in non-transport fatalities. The 1962 figures show an increase of 277 deaths over the previous year.

In closing, he called on all Texans to "brush up" on all safety rules and "practice" safety—whether you're on the road or in your own back yard."

## HD RALLY DAY HERE DRAWS 35 GUESTS

The Friendship Home Demonstration club was host to 35 guests at the Rally Day program held here Friday at Hamlin High School. A covered dish luncheon was served at noon.

The clubs gave honors to their members with Mrs. J. C. Williams being the oldest grandmother present.

Mrs. C. C. Spraberry was the youngest grandmother and Mrs. Mack Doty of Willow Creek Club was the youngest mother present.

Avoca was recognized as the oldest club, having been active for 33 years. Sunshine club was the youngest club with 13 years.

Mrs. Williams was the oldest member present and Mrs. Spraberry was the youngest. Mrs. Dewey Ramsey of Commerce was named best leader. Mrs. Cal McAninch of Goodman and Mrs. Merwick Harvey of Lueders were named best all round club members.

Mrs. Charlie Myatt of Willow Creek was selected the best all around club member in the county. Mrs. Elmer Joiner best chairman; and Mrs. B. V. Newberry, best agent.

### Buys Four Angus

Richard Young, Jr., Hamlin, recently purchased four registered Angus cows from James Cave, Rove, Texas.

### Father of Hamlin Women Dies Sun., Rites Held Monday

William David Berry, 78, of Rotan, father of two Hamlin women, died at 3 p.m. in Calhan Hospital after a brief illness. A retired farmer, he had been a resident of Fisher County since 1920.

Services were held Monday at 2:30 p.m. in the First Methodist Church. Officiating ministers were Rev. Mervyn Tenneyson, former pastor of the Rotan Calvary Baptist Church, Rev. Bill Hays, pastor of the Calvary Baptist Church, and Rev. C. P. McMaster, pastor of the First Methodist Church of Rotan. Burial was in Rotan Cemetery.

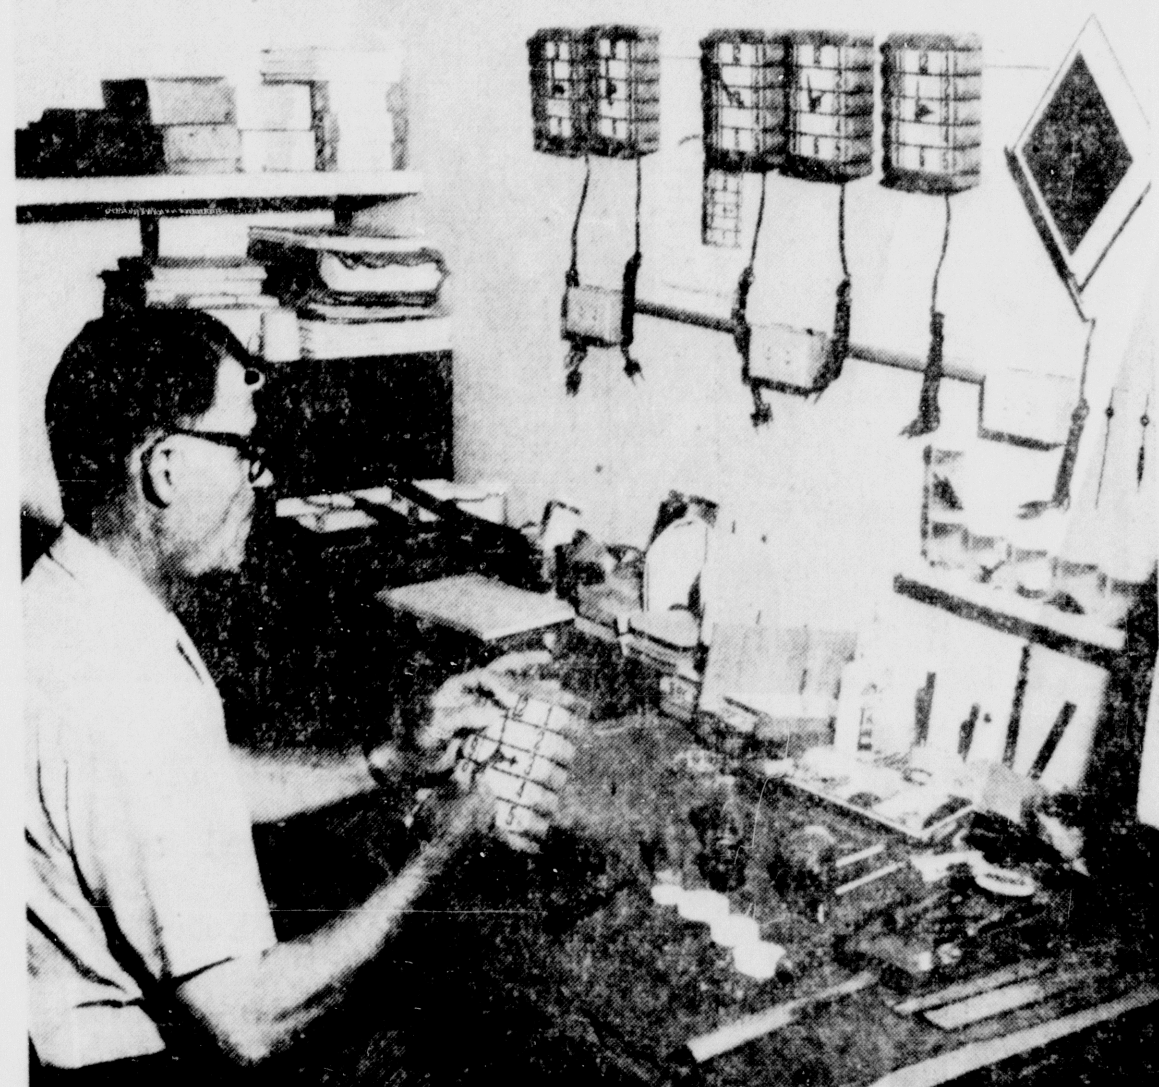

He was a member of the Calvary Baptist Church.

Survivors include the wife, the former Sadie Milam; three sons, Doyle of Mineral Wells, Blair of Rotan, Gerald of Texarkana; five daughters, Mrs. Paul Cooper, Mrs. Morris Jean, both of Hamlin, Mrs. M. E. Long, Mrs. Carl Land, both of Fort Worth, Mrs. Jim Pierce of Charlotte, N. C.; one brother, Nathan of Portersville, Calif.; 27 grandchildren and 16 great-grandchildren.

### Swimming Pool Sets Morning for Women Swimmers

Managers of the Hamlin Swimming Pool have announced a special morning for women swimmers. Every Tuesday morning from 10 to 12 has been designated as Woman's Morning.

All women and girls are invited to take part. Regular admission prices will be charged.

HERMAN MCBRIDE AT HIS WORK BENCH  
... shown putting hands on his advertising clocks

## Years Ago ...

## FIVE YEARS AGO

Row crops in the Hamlin territory took a new lease in life over the week-end as showers measuring up to three inches fell upon thirsty cotton and maize. But, as it usually the case in this West Texas area, the crops need more rain.

Irene May, granddaughter of Mrs. M. P. May of Hamlin, has received a \$1,000 scholarship award offered annually by the Department of California, American Legion Auxiliary, for an Americanism essay.

## TEN YEARS AGO

Deposits at the Farmers & Merchants National Bank at the close of business on June 30, 1953, totaled \$4,350,107.25, according to the official statement.

New officers have been elected for the coming year by members of the Hamlin High School chapter of Future Farmers of America as follows: Jackie Drummond, president; Paige Baize, secretary; Holly Toller, treasurer; Lavere Wilson, reporter; Boyce Irwin, historian; and Dewi Johnson, sentinel.

First water for city use in Hamlin from the new Paint Creek Lake will be turned on August 1, according to Mac Brundage, mayor.

## FIFTEEN YEARS AGO:

Mr. and Mrs. Walker Hargrove and children visited friends and relatives at Cross Plains last week-end.

In the official statement of the Farmers & Merchants National Bank at close of business June 30, 1948, deposits were totaled at \$3,468,992.55.

Additional rains, totaling 2.71 inches since last Saturday, raised the water level in the Hamlin South Lake to within seven inches of the spillway, according to Bill Rountree, city water superintendent. This is about 14 months supply for city water.

## TWENTY-FIVE YEARS AGO

Stockholders, officers and employees of the Farmers & Merchants National Bank enjoyed a picnic at the Hamlin West Lake Friday. Previously the stockholders met at the bank and elected the following officers: J. W. Ezell, president; W. J. Bryant, vice president; Tate May, active vice president; and W. C. (Ted) Russell, cashier. Rev. J. W. Griffin left last Saturday for Dexter, New Mexico, where he will conduct a revival meeting. While there he will visit in the home of a sis-

ter, Mrs. W. S. Morgan. . . W. B. Gist, painter of Aspermont, was killed and burned about 2:30 Sunday morning at the Katy depot in North Hamlin when his car ran into the Katy freight train.

Marie Akers left Friday for Kerrville, where she will spend her vacation at Camp Mystic.

## FORTY YEARS AGO

The Workers Class, chaperoned by Mrs. Crockett will leave the Baptist Church, Sunday morning, July 15, at seven thirty o'clock, to attend the Baptist Encampment at Lueders. Every member is urged to go and invite one guest. Lunch will be provided by the girls.

"Grandpa" May and "daddy" Tate is the way to address these proud citizens of Hamlin since the arrival of a fine eight pound boy at the home of Mr. and Mrs. Tate May on Monday morning, July the ninth. Mother and babe are in the Stamford sanitarium and doing fine.

Mr. and Mrs. R. F. Wyne and children of Burkburnett came Wednesday to visit Mr. and Mrs. Elmer Feagan.

## Winners in Jaycee Tennis Tourney Are Announced

In the Jaycee Tennis Tournament last week end Jimmy Heaton and Joe Kelley of Rotan took the sixteen year old boy's doubles. Larry Tanner of Abilene won the boys singles. Linda Brown of Rotan and Beverly Garner of Old Glory won the girl's singles. Sharon Leverett of Old Glory won the girl's singles.

The open men's doubles was won by James Wright and Nordie Bayouth of Hamlin. Heathington won the singles. Miss Leverett and Miss Garner won the women's doubles. Stephanie Letz of Old Glory took the women's singles.

Miss Letz and Dickie Hill of Aspermont won the mixed doubles.

Kelley, Heathington, Tanner, Leverett and Miss Garner will be in the State Jaycee tournament at Rosenberg July 30.

Services for Police Captain Lowell H. (Slim) Flanary of Brawley, Calif., were held there June 8. Capt. Flanary was a brother of Mrs. Bonnie Mason of Hamlin. He died June 4 after suffering a heart attack while driving on Highway 111. He had lived in California since 1942, moving there from Lubbock.

## COTTON PRODUCTION COSTS CAN BE CUT 11c A POUND--COUNCIL

Memph's, Tenn. (Special). The solution to a competitive price for cotton lies in a reduction in the cost of producing it—and this cost can be cut by 11 cent per pound within five to ten years.

This is pointed out by George S. Buck of the National Cotton Council. The Council is pressing for Congressional approval of a crash research program to reduce cotton costs.

Objective is a competitive price for cotton, produced at a cost low enough to give the grower a profit without reliance on government subsidies.

Mr. Buck lists six problem areas which offer the greatest promise for substantial cost reductions:

At least two cent per pound can be cut from the average of seven cents now attributable to insects and cost of their control.

Another two cents per pound can be shaved off losses due to cotton diseases.

Cost of hoe labor for weed control averages \$20 per acre. Better control through more efficient herbicides can effect cost savings of two cents per pound.

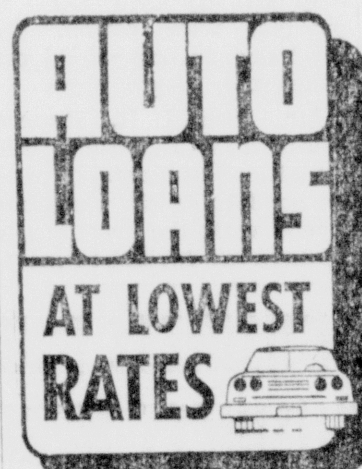

Improved mechanization could trim costs one cent per pound.

Stepping up yields by 100 pounds per acre through biochemical and genetic research would reduce cost by two cents per pound.

In the ginning-marketing-mill processing areas, new systems and techniques could mean savings of two cents per pound.

It has been estimated that the full cost reduction of 11 cents per pound could be accomplished within five to ten years, with some benefits to be realized sooner through more widespread application of existing technology.

Feasibility of the cost-cutting research program, as outlined in a 58-page publication of the National Cotton Council, has been endorsed by research administrators of the U.S. Department of Agriculture.

## THE HAMLIN HERALD

Established in November, 1906

Published Every Thursday at The Herald Building, Hamlin, Jones County, Texas, by the Pied Piper Publishing Company, 340 S. Central Telephone SP 4-1606

Entered at Post Office at Hamlin, Texas, for transmission through the mails as Second Class matter according to an Act of Congress on March 3, 1879.

Editor-Publisher

Bob Craig

A Long Distance Call... makes you feel this close to someone faraway

Miles melt away when you call a distant friend or relative by Long Distance.

Just pick up your phone and you're in touch with out-of-town loved ones, often within a minute.

Station-to-station calls go through at lower rates—at least one-third less than person-to-person calls. Rates are even lower nights and all day Sunday.

Long Distance... next best thing to being there

## The Ultimate in Satisfaction

When we were children, the ultimate in satisfaction was an ice cream cone, a nickel's worth of candy, a handful of homemade cookies. But now that we are grown-up, God's spirit has shown us there are more important things in life than satisfying our appetites. There is a higher plane of living—that of loving and serving God and one's neighbor. God wants us to respond to His love by showing this same kind of love to others. The church is the place to center your mature living. Attend church this Sunday.

"When I was a child, I spake as a child, I understood as a child, I thought as a child; but when I became a man, I put away childish things." 1 Cor. 13:11.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# FAIRVIEW NEWS

By MRS. ELMER JOINER

This Monday morning is a beautiful hot summer day, no rain has fallen for the past week excepting a little local shower Sunday afternoon in a small area. Crops are very pretty, quite a few big weeds in the cotton yet, but when the farmers have hands at work in them, so if the pretty weather continues it could be that the farmers will catch up in time to go fishing before next week this year.

Our attendance was up in Sunday School Sunday, having had several visitors. Mr. and Mrs. Royel Bitts and Jani, Grace and Harry Johnson, were guests of Vernon Grays in services Sunday morning.

Was also good to see Mr. and Mrs. Bill Kelly and little grandson, in church, after being absent some time.

We are sorry to report that Mrs. Raleigh Bond has spent the last week in the hospital, but at last report she will be going home this morning.

Visiting old scenes and reminiscing over the past in this area, Mrs. Kate Jennings and her son, Sam Jennings, stopped by to visit with the Flavel Holmes, last Wednesday after-

noon. They were accompanied by Mrs. Jennings sister, Mrs. Joe Pearson, sister-in-law, Mrs. Dave Herbst, and a friend, Mrs. T. T. Brady, all of Hamlin. The Jennings were on their way to Oklahoma City to visit a daughter of Mr. Jennings.

Sunday night Mr. and Mrs. Joe Fisher, Kathleen, Bruce and Doug, from Belknap, Cal., spent the night with her uncle, the Woodrow Goodwins.

Mr. and Mrs. Nathan Stephens, Odessa, were recent visitors with his parents, the George Wainwrights and Grandma best the little son, Kyle, from Monday until Thursday.

Mr. and Mrs. David Higgins and sons, also visited her parents, the Wainwrights, last week.

Mrs. Elmer Joiner attended Rally Day for the Home Demonstration Clubs of Jones County, Friday, in the High School cafeteria, in Hamlin. Plans were made for some time to meet in the guest house at the oil mill, but owing to circumstances beyond their control, the break down of the air conditioning, the place had to be changed at the last moment.

So the day was saved by Mr. Newberry, principal of High School and husband of our agent, inviting us to the High School cafeteria, which all turned out very nicely and an enjoyable day was spent by all those attending.

Mr. and Mrs. Fred Rosenbaum went to Post Sunday to visit his brother, Mr. and Mrs. Ambrose Rosenbaum. He lives just up on the Plains, west of Post, and Mrs. Rosenbaum reports that she is proud of our crops here, they don't look so well up there.

Rev. and Mrs. Kenneth Levertt will attend the Evangelistic Conference, in Dallas, Tuesday, Wednesday and Thursday, of this week. The little daughters will stay home with relatives, for they wouldn't appreciate the meeting very much.

Mr. and Mrs. Johnnie Agnew visited with Mr. and Mrs. Joe Ford Saturday night.

Mr. and Mrs. Woodrow Goodwin and Linda, visited Mrs. Raleigh Bond in the Hamlin Hospital, Sunday afternoon.

As usual, Mrs. Henry had a host of company last week. Mrs. Henry has a lot of company and enjoys every one of

them. That is almost a list of all that of being a good hostess but Mr. and Mrs. Henry are our "young" senior citizens. Visiting them from Monday till Friday were cousins, Mr. and Mrs. Will Boyd, Blooming Grove, Texas, then Saturday night, a granddaughter, Mr. and Mrs. Mack Sansing and the little great granddaughter Kathy, from Austin, spent the night.

Mr. and Mrs. Elmer Joiner went to Stamford Sunday afternoon, to visit and Jeanne Joiner came home with them to spend a few days.

If any one is wondering about the coons in our church house these days, they are still there and it seems from the noises coming out of the wall they have raised a new family. We still haven't figured out a way to get them out they are a terrible nuisance, for if damp weather the order is terrific. With people, the preacher, sermons will either scare people in or out, one, but these coons don't seem to have much fear for they have withstood the preaching of three, no four, different pastors, and are still there.

The Texas Safety Association cautions drivers that some sun shades can distort vision. Watch for lenses which contain "air bubbles". They distort the wearer's vision and offer no safeguard against infra-red light and little protection against ultra-violet light. Remember, you need to see where you're going to get there safely!

## NEINDA PHILOSOPHER SAYS UNREST IN THE COUNTRY RUNNING FAR DEEPER THAN HE REALIZED

Editor's note: The Neinda Philosopher on his Johnson farm on Route 1 reports on a new phase of unrest in the county, his letter this week reveals.

I knew there was unrest in all sections of the nation but I didn't know how deep and how far it had gone until I read a small item in a newspaper last night which a neighbor had wrapped some vegetables in he'd brought me, a favor I'll return if anything ever volunteers to grow in my garden. You can't tell, something might come up on its own.

According to it, a judge in some state, I forgot which, fined a lawyer \$100 for being

15 minutes late to court.

This is revolutionary. It strikes at the heart of the whole system of jurisprudence. Everything has exploded this summer.

I had thought that if there was any right imbedded in the American system which was completely beyond challenge and incapable of ever being changed, it was the right of a lawyer to never be ready when court opens.

I had thought that the Constitution itself set forth the fundamental principle of law that the more jurors and more witnesses called on a given case and the more time the lawyers had to prepare, the more likely some lawyer is to argue he's not quite ready and

You can file a protective order if he's not sitting in court and sitting and sitting when the time comes to start lawyers should be ready is so un-heard-of and so contrary to tradition that it's practically preposterous.

Believe me, I'll be glad when this summer is over and things can level off.

Yours faithfully  
J. A.

Mr. and Mrs. Vernon Johnson, Mark and Melinda went to Carlsbad, New Mexico, last Tuesday and Wednesday.

Slaughtering and meat packing is the most important industry of the state.

IS YOUR VISION UP TO PAR?

Just as other parts of your body, your eyes and vision should be examined regularly. Neglect is often costly.

bothered to look at his budget recommendation.

Connally claims this was one reason higher education was "short changed" in the appropriations bill.

In a recent meeting of the Legislative Budget Board Lt. Gov. Preston Smith said the same sort of situation, where in legislators disregard governor's recommendation, could apply to the Governor's Committee To Study Education Beyond the Highschool (No legislators serve on the 25-member committee.)

So the Legislative Budget Board, made up of Senators and Representatives, set up its own college study committee, and ordered its staff to study problems of financing the state's 20 colleges.

San. Galloway Calhoun of Tyler, who asked for the board study, said he was afraid the state might run private colleges out of business by creating more tax-supported colleges.

Gov. John Connally previously had released a report, presented to him by Attorney General Waggoner Carr, to the effect that an investigation of Murray's personal income tax reports had revealed that he had made more than \$16,000,000 from his oil investments while serving on the commission.

This report was turned to the grand jury.

Murray resigned from the commission several weeks ago when the conflict of interest question arose. He admitted at the time that he had been making such investments but emphatically declared they in no way influenced his decisions.

DISREGARDING DISREGARDERS—Governor Connally says the Senate-House appropriations conference committee, which came up with the state budget bill that he protested so vigorously, never

bothered to look at his budget recommendation.

This report was turned to the grand jury.

Murray resigned from the commission several weeks ago when the conflict of interest question arose. He admitted at the time that he had been making such investments but emphatically declared they in no way influenced his decisions.

DISREGARDING DISREGARDERS—Governor Connally says the Senate-House appropriations conference committee, which came up with the state budget bill that he protested so vigorously, never

bothered to look at his budget recommendation.

Connally claims this was one reason higher education was "short changed" in the appropriations bill.

Employment Commission's farm labor division, says it won't help Texas' farm workers.

It might even hurt local workers, LeBlanc allowed, "because the Bracero program has kept the pay rate up."

Absence of the Bracero competition, LeBlanc explained, could result in lower wages for this state's workers.

It is rumored that Colorado lawmakers plan to introduce a bill to extend the Bracero program there for one year. Purpose is to allow more time for readjustment of the farm labor system.

**COASTAL PARK PIER PLANNED** — State Parks Board has granted a permit for an elaborate, 900-foot fishermen's pier which would stretch across narrow Velasco State Park into the Gulf of Mexico.

Park is a 26-mile long stretch of sand, of undetermined width, covering the coastal front of Brazoria County in the Freeport area.

Developers expect to complete the \$40,000 pier and connect it with a \$25,000 acre land development in two months.

**PLEASURE CITY** — State School Land Board accepted the only bid it received for a con-

tract to lease state submerged land to build a 10,000-foot long channel from Corpus Christi to a proposed multi-million dollar pleasure city on Mustang Island.

Bid-winner was Mustang Beach Development Corporation. It is the same organization (owned by Piper Aircraft Corporation) that intends to develop 900 acres of Mustang Island into a Marina City, complete with homes, personal boat slips, industry and recreation facilities.

Channel is expected to cost \$100,000 and will be available, free, for public use.

**SUPREME COURT FIRM** — State Supreme Court overruled Attorney General Carr's motion for a rehearing of the case, Government Service Insurance Underwriters et al versus 53rd District Judge Herman Jones.

It stood firm on its earlier ruling that legislative continuances are constitutional.

Texas' 20-year-old legislative law provides automatic postponement of court hearings and trials for parties represented by legislator-lawyers when the Legislature is in session.

Carr has been backing Judge Jones' contention that

the law is unconstitutional.

**ATTORNEY GENERAL RULING** — Attorney general has ruled that a recently-passed bill by Rep. Forrest Harding of San Angelo gave the State Highway Commission authority to alter maximum speed limits. Commission could set them as high as 70 mile per hour.

Also it could set minimum speed limits on controlled highways, whether within or without a city's limits, regardless of any speed limit set by city ordinance.

**ESCHEAT PROCESS** — It took the 1961 Legislature two special sessions to pass escheat-reporting laws to insure the state's right to dormant personal property and bank accounts, unclaimed for more than seven years by owners whose whereabouts are unknown.

To date more than \$1,600,000 has been collected by the state.

Most came from the "bank escheat" law, which became effective on May 3, 1962. Law requires banks, savings and loan associations and credit unions to publicize dormant accounts in an attempt to cover lost owners. Unclaimed

THE HAMLIN HERALD

JULY 2, 1963

deposits then are turned over to the state.

So far, this has totaled \$1,340,493.15. A provision in the law allows a person claiming interest in escheated properties to recover his money. This has caused \$1,686.68 to be refunded.

Originally, utility companies county treasurers, insurance firms, court officers and others affected by the first escheat-reporting law reported more than \$3,300,000 worth of unclaimed holdings.

However, by the time public notice was given, the amount

dwindled to \$2,260,691.88. Newspaper publicity relative to the new act resulted in numerous inquiries and claims.

## Gas Refund Blanks Now Available

Application blanks for Federal Tax Refunds on gasoline used on Farms may be picked up at the County Agents office, says County Agent Kirby Clayton. The refund covers the period from July 1, 1962, through June 30th, 1963.

Claims for the refund must be filed with the U. S. District Director of Internal Revenue before September 30, 1963.

## ACC to Sponsor Y'book Workshop

ABILENE.—Abilene Christian College is sponsoring a workshop for high school and college yearbook staffs and advisors July 29-August 2.

Instructors will be furnished by Taylor Publishing Company of Dallas, Chief instructor will be Charles Dolan, reputedly one of the best yearbook teachers in the country.

The workshop is designed to be as practical as possible. Each school sending representatives will be able to blueprint its book for next year during the workshop. Also, a "yearbook" covering the clinic will be produced in less than five days.

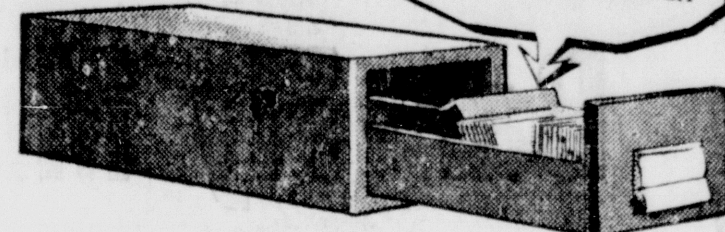

Any yearbook staff member or advisor wishing to attend the clinic should write to the Journalism Department, Abilene Christian College, Abilene, for reservations or further information about the program.

## MR. AND MRS. ROGER JOHNSON TO MAKE THEIR HOME HERE

LeQuita Morgan, daughter of Mr. and Mrs. Edgar Morgan of Munday, and Roger Johnson, son of Mr. and Mrs. Vernon Johnson of Hamlin, exchanged wedding vows Friday evening at 8 p.m. in the Munday Church of Christ. The minister, Howard Emerson, read the single ring ceremony.

Miss Martha Ford of Munday was maid of honor. Jerry Legan of Hamlin was best man. The bride wore a short length dress of blue cotton with

jacket of white silk organza. The jacket was accented with wide band of lace on the sleeves and on the lower edge of the jacket which came just to the waistline. Her headpiece was an open crown white satin hat with brief circular veil. Other accessories were white. She carried a bouquet of white carnations and pom poms.

Miss Ford wore a blue sheer cotton embroidered with white floral designs. Her corsage was of white pom poms and her accessories were white.

The reception was held in the home of the bride's aunt, Mrs. Nolan Phillips. The table was covered with blue net over a white cloth. An arrangement of white gladioli flanked the table. Crystal and silver appointments were used.

Members of the houseparty were Mrs. Dennis Morgan, Miss Martha Morgan, Miss Lynda Welch, Miss Suzie Phillips, all of Munday, Mrs. Norris Morgan registered guests.

The couple will live here where Johnson is employed with Hamlin Paint and Body Shop.

The former Miss Morgan attended Munday High School. The bridegroom is a 1962 graduate of Hamlin High School.

### Letter to Editor

Hamlin Herald-

In this week's Hamlin Herald the ad appeared for the movie, "Poor White Trash."

I would deeply wish for the Good of all of us, and especially our youths, that such advertisements as this would not appear in our paper. It is bad enough that such a movie is shown, but I hope that something can be done about such advertisement.

I feel that you, too, are concerned about our youth. As a Christian I would like to voice my protest against such advertisement coming into my home and I would hope that you can see your way clear to take a firm stand and refuse to publish such as this. I realize that you need reason to refuse any paid advertisement and I am writing this letter to offer my part of that reason.

We are proud of Hamlin and feel that this sort of degrading publicity is far below the ideals and desires of Hamlin citizens. Other towns and people will soon falsely judge our town if such indecent advertisements are printed in our home-town paper, regardless of the real content of the movie.

May I also mention that I have already written a letter of disgust and protest to the theater so that they may also pass on to their owners this protest.

Respectfully,  
Mrs. S. L. Tate, Jr.

Martin Van Buren was the first President born in the U.S.A.
